Have You Completed the MAXIMUM Risk Management Credits for Your Upcoming Renewal??

With renewal season rapidly approaching, MSIA’s Medical Malpractice Team would like to take the time to ask our physician clients an important question. *“Have you completed the maximum risk management credits allowed by WV Mutual Insurance Company?”* We all know it is easy to put these things on hold but it is time to dust off those credit sheets and make sure you are checking off all 10%. Please note that the credits physicians earn during the year will be applied at the insured's next policy renewal date and will be effective for two years. Although WVMIC offers 12% credits the maximum you may earn is 10%.

For those who are not sure which cred-

its they have/haven’t earned rest assured MSIA keeps detailed Risk Management records and will contact you to let you know which items you will need to complete.

Mountain State Insurance Agency encourages all physicians to stay up to date with risk management criteria. We feel that by completing the programs offered, healthcare providers can reduce risk exposure. For your convenience a schedule of C.A.R.E. Seminars and CME Loss Prevention Workshops has been provided. In addition your MSIA representative will be providing you with information on how you can complete On-Line CME’s, acquire HIT forms, schedule RM Office Visits & In-Service for Office Staff.

Risk Management Credits

The following list outlines the Risk Management Credits available to physicians insured with West Virginia Mutual Insurance Company.

C.A.R.E. Workshop	2%	In-Service for Office Staff	1%
C.A.R.E. Program Enrollment	3%	On-Line CME’s for Physicians	1%
Health Information Technology	2%	CME Loss Prevention Workshop	1%
Risk Management Office Visit	2%		

Mountain State Insurance Agency, Inc.
